[www.orangecountycommunityfoundation.org/womensgivingcircle](http://www.orangecountycommunityfoundation.org/womensgivingcircle)

While still in its early stages, the Orange County Women's Giving Circle has already granted \$1,000 to provide mammograms and other diagnostic services to women in Orange County who are uninsured or under-insured. Currently we are considering grants to the IU Health Paoli Hospital for similar services to women from Orange County who have been diagnosed with or are battling breast cancer.

We hope you will join us on some level in these efforts to nurture fellow women in their time of need. There are so many ways you can help...

- Through membership dues, sponsorships and contributions
- By actively participating in the giving circle at meetings and events
- Providing transportation, meals and other courtesies for women in need during their struggle with breast cancer
- By sending cards, making encouraging telephone calls and simply offering moral and friendly support to other Orange County women in their time of need

Won't you be a part of this caring and loving opportunity to help others? Please take a moment to fill out the attached form and send it back to us so that we can join hands with you and make a difference to so many right here in our home county.

women joining together to pool their time, talent and  
financial resources to give back to others in need

## The Orange County Women's Giving Circle

is a group of dedicated women who are pooling their time, talent and resources together for the greater good of the women in Orange County who have been diagnosed with and are battling breast cancer.

Through your membership, you have the opportunity to join in the efforts to improve the quality of life for these women through participation in grant-making, fund-raising, and direct, hands-on efforts such as providing transportation to and from treatments, providing meals, and offering friendly support via phone calls, cards, and more.

We realize that many people are operating within stringent time constraints and cannot participate in a direct way, but we welcome financial support through monetary gifts and supporting memberships, as well.

The benefits of giving back to those who need are gratifying within themselves, but participation in the giving circle gives much more. You get the friendship and fellowship of like-minded women from Orange County, gathering together for the sake of others in the spirit of loving kindness.

We know that women are, by design, caring and nurturing individuals with a basic need and ardent desire to help others. Won't you take a moment to fill out this form and return it to us with your level of participation?

## DID YOU KNOW?

- 1 in 8 women will be diagnosed with breast cancer in their lifetime.
- Breast cancer is #1 the most commonly diagnosed cancer in women.
- Breast cancer is the 2nd leading cause of death among women.
- It is estimated that over 220,000 women in the United States will be diagnosed with breast cancer each year and more than 40,000 will die.
